Urge Residents To Follow Trash Pickup Schedule

To promote a spirit of community beautification, the City of Grayling is encouraging all residents to comply with refuse pickup scheduling.

City Manager Jerry Morford reminds city dwellers that trash pickup is conducted on MONDAY of each week, and owners should place garbage at the curb before 8:00 a.m. Monday morning. Trash should not be placed for collection at any other time during the week.

Residents with leaves to be collected are asked to phone City Hall who will arrange for the Whirlwind to provide this curbside service. Leaves should not be raked off the curb into the street, Morford said.

Larger refuse items, i.e., couches, refrigerators, etc., will also be collected on Monday but unreasonable amounts of demolition waste will not be picked up, Morford noted. "We'll pick up items within reason," he said.

Grayling City Council members have designated the week of May 24-31 as "City Beautification Week", and residents are urged to do their part to enhance the image of the community.

Persons with trash collection questions are asked to call the City Hall for information.

Leave Baby Animals Alone

The Department of Natural Resources wishes to remind people that it is a violation of the law to pick up baby animals found in the woods. Animals, such as fawns, which appear to be abandoned, aren't.

Anyone found in possession of any unlawfully obtained wild animal will be cited for the violation.

RSVP Federal Grant Extended

The Retired Senior Volunteer Program of Crawford County has been notified of the extension of their federal grant for the 9th year. Federal funds of \$25,649.00 is authorized from ACTION for the fiscal year, June 1, 1981 to May 31, 1982.

Stanley Stewart, State Director of ACTION informed the RSVP office of the grant. Federal funds are used for Volunteer Support Expenses to help provide volunteer services throughout the community.

Nationally, the Retired Senior Volunteer Program offers opportunities for 274,000 seniors to use their talents in a variety of service roles. On the local level there are 200 registered volunteers who have contributed over 20,000 hours during the past year.

High School Music Concert

Joseph Stripe Auditorium will be the site of the final high school concert of the year. Featured will be the high school concert band and choir. The evening should be filled with excitement as it will be the last concert for the seniors.

Many awards will also be given out including: the John Philip Sousa Award, The Louis Armstrong Jazz Award and the Most Improved Player Award for the band. Choir awards will include: the Outstanding Member Award, The Outstanding Soloist and The Sweet Adelines Vocal Music Scholarship.

Concert time is 7:30 on May 14th. Admission is free. See you there.

Deputies Attend Training Programs

The Sheriff of Crawford County, Joseph P. White, in keeping with the policy of continuing education, announced today that several of the officers of the Sheriff's Department had attended the following schools.

Undersheriff Goss has completed his week long course for new Under-Sheriffs at Houghton Lake; while, two marine officers of the Sheriff's Department attended a week long course at the Marine Training School at Higgins Lake.

Five officers successfully completed a course in "Criminalistics" at the Michigan State Police Forensics Lab in Grayling this past week.

Also, one officer attended a Jail Seminar in Traverse City, Michigan.

Ausable Canoe Race Supported By Local Community

This week the Grayling Jaycees are beginning their major push for local support for the 1981 Ausable Canoe Marathon. They will be contacting Grayling businesses and professionals, seeking advertisements in the 1981 Canoe Race Program Book.

Last year's program book, the first for the Jaycees, was well received by the public. Twenty thousand (20,000) of the 1981 Race Programs will be distributed in the Grayling and Oscoda areas and throughout Southern Michigan.

Initial ad sales are going well and total about one-third of the \$500 needed for prize money and program printing. Rick Harland, a Jaycee selling Program ads noted, "Local businesses are eager to help support the race and liked last year's program. All of the businesses I have contacted so far are going to join in supporting the race with a Program Book ad. I'd like to thank them for their eager support."

The Jaycees are striving to attract regional and national media coverage and a major sponsor to this World Class Event. Grayling's continuing strong support of the race is important in attracting the interest of these national groups.

Jaycee members will be contacting local businesses and professionals during the next week soliciting their support of the race. Respond promptly with a Program Book ad and help make the '81 Ausable Marathon a success. (Your contributions are tax deductible).

Individuals may support the race with a \$5.00 patron ad in the Program Book. Mail your check to "Jaycee Canoe Race Committee", P.O. Box 709, Grayling, or phone the Chamber of Commerce at 348-2921.

PANORAMA OF PROGRESS—Workmen plow through the I-75 Business Loop as they prepare to replace 1,000 feet of worn-out sanitary sewer, part of Grayling's continuing program to update the city system.

The project, in the planning since 1975, was scheduled ahead of the paying of the business loop, which the state says should be done with little traffic interruption by July 4.

City Manager Jerry Morford said the sewer replacement should be done by May 10. Sanitary sewer being replaced is said to be about 40 years old. (Joe Schrader photo)

School Aim: Bridging Information Gap

by Joe Schrader

Acknowledging that communication is a recognized problem, Crawford-Ausable Administrators hosted a meeting of randomly-selected citizens last Thursday evening at the high school library.

Purpose of the get-together was to discuss methods to improve the flow of information from the school system to the general public and back again. School Superintendent Dr. Bill Diedrich and GHS High Principal Kent Reynolds conducted the session.

Eleven of the 74 citizens who were asked to participate in the "brainstorming" were on hand and school officials admitted disappointment in the low turnout. Citizens asked to attend were randomly selected from the district's voter registration lists.

Many who showed up Thurs-

day evening had never met previously but plunged enthusiastically into their night's assignment: developing a shopping list of ideas to facilitate more effective flow of information on these subjects:

- The type of information that the school district should transmit to parents and the general public;

- The type of information the school district should receive from parents and the general public;

- Methods of conveying information from the schools to the public; and

- Ways the general public can communicate information to the schools.

"A year-round communication system is what we want to establish," Diedrich told the participants, "and I want to make it clear now that this has

nothing to do with the upcoming millage or Middle School election issues." Diedrich stressed that the aim was to upgrade the exchange and content of vital information both parties are entitled to have, on a continuing basis throughout the year.

After the participants formed three separate groups and compiled their lists of ideas, a review and general discussion took place and specific ideas kicked around.

GHS Principal Kent Reynolds said the lists would be combined into one and sent to all 74 citizens asked to attend.

Wednesday, May 6th was designated for a second meeting on the communications-improvement subject, at which time the suggestions will be prioritized by citizens for review by the staff and school board.

Delay Middle School Vote

Board Asks For 5.70 School Millage Hike

by Joe Schrader

The Crawford-Ausable School Board voted unanimously Monday night to ask for an increase of 5.70 mills in addition to renewal of 17.90 mills for school operation next year, following a lengthy preliminary budget presentation by School Superintendent Dr. Bill Diedrich, who said the financial condition of the school district was in a "crisis state." Diedrich blamed decreasing state school revenues and the increasing inflationary costs of school operation as primary factors leading to the fiscal dilemma.

The Board also decided "with regret" to delay a vote on the middle school bond issue until February of 1982, and passed a motion to rescind an earlier resolution which would have placed the \$3.55 million new school project on the June 8 ballot.

Thus the school operating millage renewal proposal and the additional 5.70 mills will appear separately on the June 8 ballot, along with the cast of nine candidates vying for two posts on the school board for next year.

Following the grim financial analysis, the Board also approved the operating budget for next year, calling for anticipated expenditures of \$3,977,366. The figure is up

13.5% from last year's operating budget of \$3,500,530, which school administrators predict will fall over \$50,000 short of covering expenses for the current year. Diedrich predicted a deficit this year of \$53,572, a shortfall which can be

Campus Day 1981 at Kirtland

The fifth annual Campus Day held at Kirtland Community College on April 11, 1981 was attended by 215 participants with 30 instructors teaching a variety of classes. According to the evaluation forms submitted to the planning committee it was a great educational and fun filled day.

The day long workshop was sponsored by the M.S.U. Cooperative Extension Service, Kirtland Ms. Club, Kirtland Garden Club and area Extension Study Groups. The Mid-Michigan Writers held a book fair during the day.

The workshop included sessions on such subjects as Basketweaving, Self Awareness, Selling Your Skills, Women as Winners, Effective Parenting, Tofu, and Jazzercise.

The planning committee wishes to express their thanks and appreciation to all who helped make the workshop a great success.

recovered by increasing next year's operating millage. No increase in millage was sought last year and voters easily passed the 17.90 renewal in the annual school election.

Passage of the renewal and additional 5.70 mills would generate anticipated revenues of \$4,030,938, enough to wipe out this year's \$53,572 deficit and a \$618,366 shortfall projected for 1981-82 that would be created if voters approved only a 17.90 renewal.

"We did not have time to prepare a list of cuts that would be necessary," Diedrich told the Board, "but they would have to be deep and severe." His recommendation to make no budget cuts Monday night was accepted by the Board, who authorized administrators to go through the budget "with a fine tooth comb" to determine what budget trimming would be required if the increased millage is not approved.

A more detailed analysis of the financial condition of the school district will appear in later Avalanche issues, but here are some of the highlights from remarks made by Diedrich on Monday:

- Local taxpayers are being asked to pay a higher percentage of the costs of education. Revenues from the state continue to dwindle, down from 33% of the revenues available to pay school costs in 1975 to about 4% now.

- The state is paying less of the costs of special education

The Crawford County Unit of the American Cancer Society held its kick off luncheon on Thursday, April 30th at The Hotel Shoppenagon. The luncheon was sponsored by the Grayling State Bank. Father Bill Rabor of St. Mary's Church gave the invocation.

Jack Alef, president of the Crawford County Unit, acknowledged a cash donation from the Grayling Women's Club which was used to purchase materials to build a storage building for items owned by the Cancer Society and used for patient services.

Legion to Elect New Officers

The American Legion Post 106 will have an election of officers at their next meeting on May 11, 1981 at 8 p.m. All members are urged to attend.

The building was constructed by Gene Rauch. Mr. Alef thanked and congratulated Mr. Rauch for his help. Gene's wife, Shirley Rauch, is service chairman for the Cancer Society and Gene has helped in making items available for use by cancer patients.

Alef encouraged the volunteer marchers to visit every home and business and share the vital information provided for public education.

JoAnn Olsen, Vice President of the Crawford County Unit, introduced the board members present. They were Marilyn Pick, Memorials Chairman,

Dorothy Walker, Awards Chairman, Shirley Rauch, Service Chairman, Nancy Kortes, Publicity, Joyce Ingalls, Sec. & Treas., Mike Ingalls, Photographer, Bruce King, Professional Education, Rose Duley, Public Education, Marie Ellingboe and Valerie Lehti, Crusade Co-Chairmen.

Mrs. Olsen thanked Jeanie Sloan, the school nurse for her

programs while at the same time mandating that minimum programs be offered.

Crawford-AuSable taxpayers pick up a larger burden of school costs because of the presence of federal lands in the county on which no taxes are paid (now about 70%).

Costs of operation have risen higher than anticipated, a factor creating this year's shortfall. Examples include heating costs which have jumped 142% since the 1977-78 school year, and cost of gasoline which has gone up 92% during the same period. Health insurance costs have increased 60%, electricity, 47% and the cost of special ed programs, 63%.

Additional school aid cuts by the governor are expected after the May 19 tax proposal election in which residents will vote on a program that calls for a sales tax increase to pay for more of the school costs, and a lowering of homestead property taxes at the same time.

Board members concurred on Monday with Diedrich's recommendation to drop the middle school bond issue from the June ballot.

"We have a more critical obligation to open the school doors in September," Board members agreed, "and cannot ask the voters to approve both proposals at this time-it just would not be right."

A final operating budget will be prepared later in the year when additional revenue information and cost figures become available.

Once upon a time, there lived in a forest two families of amiable, hard-working gnus, who often enjoyed picnicking together. Each family boasted one young mischief-maker, however-though each mother was convinced her own little gnu was innocent. "You should punish that rascally brat of yours," shrieked one mother, finally. "A sound spanking might do him some good." "Spank my son, indeed!" huffed the other. "Why don't you go paddle your own gnu?"

From Our Corner...

These Sunday Social Whirls are beginning to take their toll with the ol' fella...being a Sunday school kid a long way back we are not used to these outings only to go to the Country Club to pick up our bride so she can come home and fix our dinner...

Any way we just got back to the office after a delightful time at Lake Margrethe the guests of Dr. B and Edie for a bubbly brunch, the day was beautiful, the bubbles were great and the brunch was delicious...our problem was getting the bride to leave...it seems like every party we go to she has to stay longer then the cleanup crew wants to stay...any how with that, we are lucky this week getting the turkey out...

We have a guest editorial from one of our readers that felt sorry for us after reading last week's issue when we were taken to task by McIsaac and Mason...

The following is the editorial written by Mrs. Mary H. Knecht of Grayling...

This corner will take on a little different air this week. Mr. Madsen has toiled, ceaselessly, week after week, to produce his gobble. With only a short break, now and then, for trips to Traverse City or a football game in the lower forty of the state, he struggles on.

Given this stoic devotion to his post, I believe our editor deserves a rest. He also deserves a little bit of respect. That sardonic letter from Jack Pine last week must have been a crushing blow to one who has worked so diligently to bring us a weekly column of distinction and enlightenment.

It is also necessary to take Mr. McIsaac to task for attacking our editor. It must be devastating to have a week's work destroyed with the dropping of a couple gobble-gobbles by a thoughtless reader.

Now, down to the business of filling this corner with a few noteworthy items, though I do not profess to be able to fill Mr. Madsen's journalistic shoes too easily.

May, 1981, is Senior Citizen's Month. We have a great many beautiful elderly people in this county. They contribute much to our community. Elderly people have needs that we, who are still young and active, do not wholly perceive. Starting with this specially delegated month, and continuing on long after May has ended, let us all remember the older people and recognize how vital they can be to our growth and understanding.

Senior Citizens are wise. Wisdom is a premium of attaining long life. Senior Citizens are a great source of information. They remember old times, old places and old residents. And they have a simple way of telling a story that is enviable. Take a Senior Citizen to lunch. It may be a treat for them but it will be a greater reward for the host or hostess of this outing.

I have been thinking about how nice it would be to start a new project in town. Something to attract some attention. Something that might stimulate the flow of visitors down main street. I envision our picturesque, little, abandoned train station being refurbished and reopened as a restaurant, possibly combined with another commercial endeavor. The old station should be kept as unchanged as possible. Maybe it is only a pipe dream. I do not know how available the building is. It could be untouchable. But, if such a project could be undertaken, I believe, it would brighten another small corner of our pleasant town. If it is true that many great undertakings start with the little germ of an idea we may hope.

With that little bit of help this week on our corner, the last part of our turkey will be easy...we have to quote a head line in last week's Wall Street Journal brought in by one of our friends up Lovells way who wished to be Anonymous... "Turkeys of 2 Towns Race to See Which Is the 'World Capital'...But Usually All That's Needed to Win Such Distinction Is Simply to Claim Title"...the two towns are Cuer, Texas and Worthington, Minn. are the feuders...maybe we could throw our turkey from Grayling into the race...

We received news last week that Bob Strong, former Editor and Publisher of the Avalanche was in the hospital in Florida...we pass on his address to those who may wish to write or send a card to him...Robert Strong, Venice Hospital, Room 305, Venice, Fla. 33595.

With the beautiful weather outside we're going to turn the corner, and head for the shack...goodnight, T.J., Stef and Amber...and to all have a nice weekend...

It's your return that counts!

Eleanor Gorman is leaving today to begin work at the Birchwood Lodge on the Manistee River.

Louis Malone has rented the Harold Jarmin gas station on the trunk line.

Verner Rasmussen was hit in the head by a stone while fishing down by the bridge Tuesday. The cut is

not serious.

Rupert Pearsall and family of Roscommon are visiting at the home of Mrs. Pearsall's father, Rudolph Sorenson. Mr. Pearsall is busy reroofing the Sorenson home.

Sheriff Bennett seems to be a jinx to his fishing companions. Last winter while fishing with George Bielski they went through the ice at Houghton Lake and just Tuesday he and James Bugby tipped over in their canoe while fishing on the East Branch.

Eight little friends of Roy Milnes, Jr., helped him celebrate his 5th birthday Thursday and they all had a big time together.

In honor of the third birthday of her daughter, Joan, Mrs. Byron Randolph gave a party to eight little friends on Tuesday afternoon. The afternoon was spent in playing games after which lunch was served. Joan received many lovely gifts.

Mr. and Mrs. Albert Roberts drove to Houghton Lake Tuesday evening, where they are getting their cottage in readiness for the summer.

The wells for the new water works were completed by A. Funck Saturday night and now the ditch digging is in progress.

Mr. and Mrs. T.J. Wells and family spent Sunday in Wolverine visiting Mr. and Mrs. Oscar Fuller. Burton Perry accompanied them and visited his sister, Mrs. Melvin Culham.

Mr. and Mrs. E.B. Wicks and daughter Mrs. Dorreen Nelson of Saginaw, have rented the Herbison cottage down river for the summer.

Mrs. Edward Sorenson has purchased the Schow house, now occupied by the Stanley Smith family.

R. Hanson is in Detroit on business.

Alfred Hanson has returned from the woods, where he has been working to gain back his health.

J.A. Holiday, of Chesaning, has rented the vacant store next to Brink's grocery and will put in a stock of five and ten cent goods.

John Leece went fishing Tuesday and accidentally fell into the river. This is a secret and we don't want any of our readers to tell.

Peter Jensen and Mrs. Christofferson left Tuesday for Denmark. They expect to return in October.

Last Friday afternoon nearly a score of members of the ladies of the G.A.R. took the train for Roscommon to celebrate the 80th birthday of Mrs. Mary Love now of that village, but an early pioneer of this county, and the oldest member of the Garfield Circle.

It is expected that the electric lights will be turned on again Saturday night, after about a month of darkness.

Chris Johnson, formerly of this town but now woods foreman for Salling Hanson company at Quick, expects to leave for Denmark soon to be gone for several months.

An old time dancing party was given Saturday night by W. Bigham in the Nels Johnson house. Albert Charron, who is now on the road, came home to help make the party a success, and the Charron auto brought quite a load from Frederic.

John Morrissey, Sr., has procured the position of night watchman at Salling Hanson Co. mill.

Bert Chappel has moved into what is known as the Douglas house.

J.B. Slingerland and family are now living in their own house.

Ban Handguns and Release Criminals?

After the death of John Lennon and the shooting of President Reagan, we are beginning to hear again the cry of gun haters to push for gun control. At the same time our state government is talking about releasing hundreds of criminals because of overcrowding in our prisons.

Now let us suppose the criminals could not get handguns. All of us know criminals will have guns when all others are outlawed, but let us just reason with the liberals and communists for a few minutes.

Knives are very effective as murder weapons. Going back through the centuries, the knife has done a large share of the murders. I don't know about you, but I would much rather face a criminal carrying a handgun than a knife. A nervous criminal unskilled in the use of a handgun may not be able to hit the side of a barn. It only takes a few minutes to teach someone the skills of using a

knife effectively. Some of us would much rather awaken to the feel of a gun muzzle in our ribs, than the feel of cold steel across our throat.

One man riding on public transit a few weeks ago suddenly hit the passenger in front of him with an axe, killing the innocent passenger. Arsonists have had their fair share of deaths recently also. The fire-bomb is certainly a deadly thing composed of a bottle filled with gasoline and a rag wick. Maybe we should re-think the number of terrorist bombings taking place around the World using such crude devices.

To be consistent about gun control shouldn't we try to stop murder in other ways too? We could begin by outlawing all the murders. Especially pocket knives and kitchen knives. Then we could outlaw all axes and hatchets. Maybe we should outlaw chainsaws too. I hear that a madman with a chainsaw could kill or maim many people before his capture. We should stop using glass bottles since each one is a potential fire-bomb. Gasoline should be outlawed. Engines must be developed to run on non-explosive oils, like vegetable oil. Then we must outlaw any building of fire. Fire is a killer. We must devise new ways to heat our homes. Fire must be outlawed. Can we really outlaw the causes of murder?? Of course not. Plain horse-sense tells us no.

Cain killed Abel in the field with no modern weapons of any kind. Genesis 4:8. Communists, Socialists and Humanists could find the answer here in the Bible, but they don't believe the Bible. Murder comes from hatred down in the heart of man. Cain destroyed 25% of the world's population. A return to Bible morality is the only way to stop murder. "Guns don't kill, People do!" (adv.)

CARD OF THANKS

We would like to thank the emergency room staff of Mercy Hospital in Grayling and the staff at Otsego Memorial in Gaylord for the care shown our daughter and sister Brie Danielle during her recent hospital stay. Our special thanks to Doctor's Karen Colby Olson and Waterfall. Thank You.

Jed, Mary Kay, Jeremiah and Brooke Blaauw

CARD OF THANKS

Our entire family would like to hardly thank everyone in both Grayling and Gaylord for helping us during Brie's hospital stay at Otsego Memorial, we couldn't have made it with out all the prayers, moral support, meals, baby sitting, etc. from all of our friends, relatives and acquaintances. She's doing much better now. We thank you all so much.

Vikings Sweep Gaylord Twinbill

HATS OFF!—Viking outfielder Jack Money leaves his hat behind in a chase for a fly ball against Gaylord. GHS swept a twinbill from the Blue Devils on Thursday. (Photo courtesy Chuck Kolb)

Brad Trenary tossed a nifty 3-hitter and Monty D'Amour doubled home the winning run in the bottom of the eighth inning as the Vikings nipped Gaylord, 4-3 in the team's season opener last Thursday against Gaylord.

The Vikings made it a clean sweep in the nightcap behind

D'Amour's 3-hitter, 6-3.

The Vikes played over four errors to win the first game, gathering six timely hits with the key blow coming in extra innings when Bill Roach, who had singled and moved to second on Ted Methner's sacrifice, scored when D'Amour ripped a double up the centerfield alley.

Grayling knotted the score, 3-3 in the seventh when D'Amour, who had 2 rbi's, singled Methner home from second.

Trenary fanned 11 Blue Devils as he went the distance to record the win and added two hits in three trips to the plate. Roach and D'Amour collected two hits apiece to pace the Viking attack.

In the nightcap, the Vikes tallied two runs in the second, added three more in the third and closed out the scoring with a run in the 4th to complete the sweep over Gaylord.

Joel Money led the Vikes hitting with two safeties and three rbi's, and single hits were recorded by Dave Burr, D'Amour, Jeff Kortes, Ryan Morford and Jim Stewart.

D'Amour went the distance to gain the victory, striking out two and issuing four passes.

This Thursday the Vikings travel to Potosky to face the Northmen with the first game of the scheduled doubleheader getting underway at 4:00 p.m.

Par For The Course

By Fay Bovee

The Opening Party of the Grayling Country Club was held on Saturday evening, May 2, 1981 with a good crowd attending. Guests were greeted by the hosts, Luke and Pauline Petrosky and Jim and Kathy Parkinson. Following the cocktail hour, a delicious roast beef dinner catered by Jim Bourrie was served to the diners. Several door prizes were awarded with the top gift certificate prize going to June Schwarz. The remainder of the evening was spent listening to music by Thane Doremire and Wayne Ingalls.

Monday Night Ladies—remember your first meeting on Monday, May 18, at 7:30 at the clubhouse. Play golf earlier and then return to the club. Any questions, call Carolyn DiPonio at 348-5656.

The Wednesday Morning Auxiliary held their organizational meeting on Tuesday, April 28, at the club with president Edie Blaha presiding. Other officers and committee members for the 1981 season are Dorothy Kase-man, past president; Evelyn Sager, vice-president; secretary-treasurer, Evelyn Kent; board, Marilyn Fick, Betty Layman, Joanne Olson; golf and handicap, Nancy Kortes; rules, Shirley Bendig; drawing, Dodie Brady; rainy day, Mabel Gothro and the starter will be Tom LaMotte.

Some of the women planned to have a social golfing day on May 6 with a regularly scheduled fun day for May 13 with a brown bag lunch and regular competitive play starting on May 20. Schedules will be available at the club just previous to the May 20 starting day. Flight A will be serving the potluck lunch that day. Dues are to remain the same at \$15 for the season.

Two tentative dates on the schedule are June 19 for picture-taking day and July 22 for Gaylord Day.

The Thursday Night Couple League still has room for more couples and substitutes. The sign-up sheet is on the bulletin board at the club.

Dear Fellow Citizens and Taxpayers:

Perhaps you already know the devious structure of Proposal A, on which we are going to vote on May 19, 1981. If you do, ignore this letter; if not please read it.

So you think that Proposal A, if it passes will cut all your property taxes fifty (50) percent. WRONG. It only reduces the tax on the home in which you reside, or your permanent place of residence. If you own property other than the land on which your home sits, you will get no reduction on any of that additional property.

On the surface, this proposal may look and sound good but, fellow citizens, there is no "Santa Claus". All those so called gifts are being paid for by YOU, Mr. John Q. Taxpayer. Let's figure 1 1/2% extra sales tax on the purchase of any appliance such as a stove, washer, refrigerator, sweeper or an extra big purchase of a car. Also, the price of gasoline will increase at least 2 cents per gallon and perhaps more by the time it reaches the gas pumps. Heating fuel costs will be more with the added sales tax and they are almost prohibitive already.

This is a tax shift, not a tax reduction. Those legislators in Lansing are scrambling to keep all the money that has been flowing into their coffers. They are not thinking of spending less like we have to when the baige in the billfold keeps getting thinner and thinner.

The majority of our legislators in Lansing will sit on their back sides and vote for this proposal because they are afraid that if they don't, Tisch may come up with a real tax cut proposal.

Our Senators and Representatives should be paid per diem. There should be a "no show, no pay" system and we would have far better representation from our law makers.

If we could start in Washington, D.C. and oust everyone who has been in office for 10 years or longer, and clean out the dead wood from our government, in-

cluding the Supreme Court judges, who pass down some asinine decisions. If this weeding out process could be continued down through the political ranks and include our legislators in Lansing, we would have a much better governing system.

I will get off my soap box and hope you will get on the outraged taxpayer list and vote NO on Proposal A on Tuesday, May 19th.

In Miss Wargo's second grade class Kenny Krause went to Detroit for Easter to see his dad. Naomi Palmer went to Bay City to see her cousins. She played tag with her cousin, Heather Lorence.

Mrs. Knibbs has a girl named Nicki Morrill. She went to Tennessee to see her cousins and climbed a mountain.

Miss William's kindergarten has a girl named Dana Nielsen. She had her birthday on April 28, 1981. She got an apple dumpling doll, pick-up sticks, a stuffed mouse, markers, and a coloring book.

Sarah Micek had her birthday on April 25, 1981. She got a lunch box, strawberry shortcake doll, stuffed kitty cat and she went to her grandma's for Easter.

Colleen Wolf brought her dog named Muffin for show and tell. She serves her dog food on a frisbee.

Jon Noteware went to Alabama for Easter. He went to swim in the Gulf of Mexico. When he came back he brought a real sanderab and sand. In order to find sanderabs you have to look at night.

Steve Branch went to Tennessee. He walked up a mountain and saw two cannons. The cannons help to protect army guys.

David Tolbert went to see his Grandma and Grandpa. There he rented a bike.

Josh Wyss went to Hartwick Pines. There he saw the logging camp and the big tree.

Kristin Hunter got a China doll and then brought it to school for show and tell. She got it from Alpena. Last week she brought her dog.

Mrs. William's second grade has a boy named Jamie Brankov who went to Wisconsin. There they went shopping.

Dusty Lovely went to the zoo for Easter vacation. There he saw polar bears. His favorite animal is the hippo.

Erin Bindschattel went to Detroit to see the baseball game. She also went to the Renaissance Center. There she got a souvenir.

Denny Springer went to Lansing for Easter vacation. He went shopping at the mall there and he bought a parachute man. He stayed at his Grandma Traitor's too.

Miss Loft's first grade has a girl named Andrea Austin. She found a black widow in her grandma and grandpa's garage. Its legs are brown and black. On its stomach is a red spot. Her grandma and grandpa live in Arizona.

Miss Wargo's second grade has a girl named Krista Wyman who went to Westland to see her grandma and grandpa. Her aunt took a picture of her.

Mrs. Knibb's second grade has a boy named Mike McMillan who went to Midland to see his Uncle Harold and Aunt Karie and his cousin Chad. There he helped his uncle put a new roof on and put the trusses up.

Jason Palmer went to see his grandma at Whitmore Lake for Easter vacation.

Tracy Sheldon went to her grandma's and got a new dress, white gloves, and new shoes.

In Mrs. Yost's first grade class Chris Lehti went to Florida for Easter vacation. First he went to Sea World for one day and then they went to Disney World for two days.

In Mrs. Larson's first grade class Curt LaMotte brought a coconut, lemon, and lime to school from Florida. He brought them for the class to eat. He went to Florida for Easter vacation.

Tammy Overmyer brought eggs for an experiment and Nicole Devriendt brought vinegar for it. They're going to put it in a cup and the egg will crack and the shell will come off of the egg.

All second grade classes are having a balloon launch on May 14.

LARRY WOOD IS FUEL GAS MANAGER—New manager at Fuelgas Company of Grayling is Larry Wood (pictured right, with Doyle Doty), who was assigned here April 6 from the company's Gladwin office.

Larry recently completed the company's Manager Training School after earning an Associate's Degree in Accounting. He and his wife, Vera, have two sons, one an Aerospace Engineer in California, another with the Navy in Washington, D.C., and a daughter at home.

"We are looking forward to moving here to live," said Larry, 24-year Navy veteran himself, and Vera, a licensed practical nurse in Gladwin.

The new manager invites the general public to "come on in and get acquainted" at the Fuelgas Company office located on Old-27, just north of Grayling. (Joe Schrader photo)

Governor To Use Executive Orders To Balance Budget

Warren M. Hoyt, Executive Director, MPA

Not long after the Legislature put the finishing touches on the new budget for the fiscal year beginning in October, Governor William G. Milliken said he would issue an executive order to cut the budget if voters approve the property tax amendment.

With the uncertainty of the property tax amendment, the governor agreed the Legislature acted responsibly and efficiently in handling the budget at an early date.

He added the Legislature was correct in finalizing the budget by using his original figures.

The governor's original budget figures assumed a revenue loss to the state of \$125 million if a property tax amendment were passed. The version placed on the ballot, however, provides for a revenue cut ranging from \$200 million to \$290 million, according to various fiscal analysts.

Milliken said if the amendment is passed, he would issue the budget cutting order in October. The order would then have to be approved by the House and Senate Appropriations Committees.

The governor said the exact impact of the amendment could be better assessed by the fall, but with the cut in property taxes and the replacement revenue created by the increase in the sales and use tax, the net revenue loss would be around the \$250 million figure.

Meanwhile, the budget got more bad news when increases over January welfare figures of more than 3,000 in aid to families with dependent children and

more than 4,000 in general assistance were recorded in preliminary caseload figures for February.

And based on first quarter year data, the Department of Social Services faces a potential deficit of \$30 million over the welfare increases.

If preliminary figures hold true, the GA caseload is already 4,000 cases above the appropriated levels for 1980-81 and ADC cases are less than 2,000 over the appropriated levels.

Department budget officials indicated, however, that cost saving measures would be implemented in April and an analysis would then be done to determine if a deficit is still likely.

State Hiring Freeze Imposed

In yet another belt-tightening move, a statewide hiring freeze was imposed by the governor.

The order was issued after the governor met with departmental directors and he declared exceptions could only be granted with his personal approval.

"This is another notch in our belt-tightening process to bring the present year's spending into line with anticipated revenues," Milliken said.

Although projected spending still outstrips projected revenue by \$80 million, Milliken said, "I still believe that if we continue prudent management of state operations through the remaining six months of this fiscal year, we will have sufficient funds to meet all needs."

The governor added other means of closing the budget gap are still under review.

Hold Annual Spring Recital

The piano students of Mrs. Judy Englund held their annual Spring Recital on Thursday, April 30th. It was held at the Grayling Elementary School at 7 p.m. Those students who performed were Julie Jensen, Deanne White, Jeff Renaud, Sheri Jensen, Kay Ely, Michele Welch and Maryah Stampfly. Also included on the program were Scott Englund and duets by John Noteware and his daughter, Michele, and Kay Ely and Judy Englund.

Refreshments were served by Mrs. Jean McDonald. About 50 guests were in attendance. Special guests were Mrs. Englund's parents, the Carl Bartells.

Certificates were presented to the students for their performance in the recital. A special recognition was made to Kay Ely, who is completing seven years of piano lessons. Flowers were presented to her in honor of this achievement.

Memorial Services For Ruby MacNeven

Ruby Elvira MacNeven, 79, lifelong resident, died April 23, 1981 in Annandale, Virginia. A Memorial Service was held May 5, 1981 at Sorenson Funeral Home with Reverend Robert Haskel officiating. Burial was in Elmwood Cemetery.

Private Prayer Services were held for the immediate family in Annandale, Virginia on April 25, 1981 with the Reverend Robert Jones, Pastor of Knox Presbyterian Church in Falls Church, Virginia officiating.

Mrs. MacNeven was born February 22, 1902, the daughter of longtime Grayling residents, Nels Peter and Marie C. Olson, who preceded her in death. She was very active in civic affairs, and a volunteer nurses aide at Mercy Hospital during World War II. She attended St. John's Lutheran Church in Grayling.

Survivors include her husband, Harold "Spike"; daughter, Gloria F. Frymire of Virginia; three grandchildren, Sarah Jorgensen of California; Jane Gill of Illinois and Frederick L. Frymire of New Jersey; four great grandchildren; several nieces and nephews and sisters-in-law, Mrs. Esbern Olson, Mrs. Harry Reynolds and Mrs. Clyde Peterson.

Memorial Funds have been established in Memory of Ruby MacNeven at St. John's Lutheran Church and Mercy Hospital Building Fund.

Vikingland Happenings

Don't forget the spring Musical "Anything Goes", which will be presented May 7, 8 and 9 at 8:15 p.m. in the Joseph Stripe Auditorium. Howard Taylor is the director and leading roles have been awarded to Ronda Morford, John Watkins, Alicia Taylor, Tim Taylor, Scott Duncley, and Sue Prause. The Grayling High School Players have been working very hard to make the show a success. Don't miss it!

Applications for financial aid are available in the counseling office at this time for seniors. Local scholarships include: Borchers' Scholarship which is awarded to the needy, Alumni Association which gives two scholarships based on alumni association's decision, American Business Women's Association which is awarded to a female Grayling resident, Kirtland Community College which gives two full tuition scholarships based on staff recognition, Lovells Home Extension Group gives one or more scholarships each year to a Lovells resident, and

Grayling Booster Club Scholarships which are awarded to students who are planning to further their education.

The State of Michigan also offers scholarships. Some are: Michigan Tuition Grants which are based on need, Michigan Differential Grants which are not based on need, and Michigan Competitive Scholarships which are based on ACT scores. B.E.O.G. are federal grants based on need which seniors applied for in January. Results should return in the mail at any time.

Other assistance for students comes from work opportunities and loans. Two programs: College Work-Study and National Direct Student Loans are administered by federal agencies to assist students furthering their education.

GHS Runners 'Perfect' Vs. League Foes

Coach Marilee Cheney's GHS girls' track team swept to victory in meets Tuesday and Thursday against league rivals and placed 7th against Class C opposition Friday in the Chipewewa Relays at Mt. Pleasant.

Eighty-six teams in all classes competed at Mt. Pleasant with the Vikings grabbing 11 points against some of the stiffest competition in the state. Diane Lee placed fourth in the 110 hurdles and the GHS middle distance team (880-440-440-880) of Lee, Jean Stevens, Stacy Robinson and Joan Stevens grabbed a 3rd spot. Frosh Jean Bitner finished 5th in the high jump and Jill Headlee, Heidi Bendig, Diane Lee & Joan Stevens ran 5th in the mile relay event.

"I was happy with the way the girls performed," Cheney remarked, "they had some of their best times of the year-tae competition was good for them." One of the oldest track events in Michigan, the Chip Relays have been run since 1838.

In league action, the GHS girls topped 9 of 15 first place finishes in a triangular meet in the rain against Petoskey and Rogers City on Tuesday. The Vikes with 76 points easily outdistanced Petoskey (43) and host Rogers City (37). Top finishers for Grayling:

First: Diane Lee (880 & 110 hurdles); Beth Jones (mile & 2-mile); Jean Bitner (high jump); Shelly Peterson (100-yd); Jill Headlee (220); Lisa Radebaugh (220 hurdles); Headlee-Lisa Eshenroder-Lee-Jean Stevens (mile relay).
 Second: Headlee-Peterson-Radebaugh-Dawn Weatherly (880 & 440 relays); Bitner (220 hurdles); Radebaugh (long jump); Jean Stevens (high jump & 440); Heidi Bendig (shot).
 Third: Bitner (110 hurdles); Eshenroder (mile).
 Fourth: Dawn Hawley (110 hurdles); Stacy Robinson (440); Wendy Callan (long jump); Brenda Robinson

Hospital Auxiliary Winners

The Mercy Hospital Auxiliary Friday afternoon announced the winners in their drawing held May 1. Top winner was C.R. Barber, who won 100 gallons of no-lead gasoline, Bill VanEck's name was drawn for the 50 gallon prize, and one case of Case motor oil went to Harry McEvers.

Proceeds from the drawing will go for Mercy Hospital Auxiliary projects. Carol Shrimpton drew the winning names.

Lovells Home Extension

The Lovells Home Extension Group met on Wed., April 8th at the Township Hall with 1. members and one guests, Connie Vaughn present.

Helen Spencer, hostess and Betty Lake, co-hostess served a delicious luncheon.

The meeting was opened by chairman, Helen Spencer. Roll call was: "Tell About Your Weight Problem." Secretary-Treasurer Mildred Johnson read the minutes of the previous meeting.

Family Living Chairman, Jane Commons spoke about planning ahead for retirement.

Safety Chairman, Leon Nichols discussed proper way of lifting to avoid injury.

International Chairman, Mildred Johnson gave a recipe of her Mothers for a cleaning solution: 1 quart hot water, 1 Table-spoon Turpentine, 3 Table-spoons Raw Linseed Oil.

Dip cloth in solution and wring dry. Wipe first with this damp cloth and wipe again with a dry cloth. If cleaning furniture, it will not only be clean, but oil will preserve it.

Citizenship Chairman, Ruth Caid brought two books which she suggested that we read: Tax Payers' Guide and Citizens Of America.

Campus Day was discussed. Seven home extension members will be hostesses. They are: Vickie Davio, Irene Honey, Audrey Kaumeyer, Hazel Koernke, Betty Lake, Velda Marshall and Kitty Pellegrini.

Plans were made for planting a tree at the Lovells Township Hall on Wed., May 6th which is "Plant a Tree Day". The club will furnish and plant the tree.

A discussion was held concerning an overnight camping trip at Shupac Lake, June 10th.

Following the business meeting, members participated in a series of exercises that were demonstrations by Connie Vaughn.

The Mystery Package was won by Jane Commons. The next meeting will be held at the Township Hall on Wed., May 13 with Evelyn Bates as hostess. Please notify your hostess in advance if you do not plan to be present.

Strolling Around Town

By Fay Bovee

The big news for the community is the city-wide cleanup week starting May 16. Let's all give our full support to the committee that is working so hard to have pride in our community. And just because you may not live in the city limits doesn't mean that you are not included. Impressions of a community start on the outskirts, not just in the central part. Let's give them 100% cooperation. So many of the residents already have their yards in fine shape. The McEvers lot has been completely filled in and leveled off and is serving as marvelous sandbox for some children. I'll tout my own horn this week and invite everyone to enjoy our hillside of daffodils and creeping phlox. An early spring has brought them out and for those of you who have asked about buying the phlox, Glen's had a good buy on them last week. It is sometimes difficult to find them in garden centers.

A welcome to Sheri and Donald (Butch) Weaver who are buying the Barkers home, who have moved to Gaylord, Eunice will be missed, for she

has always been active in projects. Hope to see you sometime.

My parents, Eva and Walter Desnoyers were down below for a week visiting his brother Henry in Southfield, sisters Lucille Starex in Westland and Jean Beck in Detroit and their many nieces and nephews and friends and one time neighbor, Mr. and Mrs. Gene Lunick, who gave my mom an orchid. They also were celebrating their 56th Anniversary. Had a good time.

Reminder for the Mother and Daughter Banquet May 11th. Hobby Club Fire Department reports one Ambulance run, Assistant fire at Waters and one car on fire.

A big hand to Mr. Hawkins, Frederic Elementary School for giving up two of his Saturdays so the 6th grade may earn their own money for camp by having a rummage, bake sale and car wash. The kids did up their own set up, and took care of their own booth, and it was nice to see they help each other when one had to leave, taking turns to wash cars and Mr. Hawkins. So nice to have someone who cares. It's still nice to have the kids work for something they want, they appreciate more. Thanks again Mr. Hawkins.

Reminder to the boys and girls now the weather is getting nice we do have to be careful riding our bikes, and remember to look both ways before crossing the street, I myself have seen quite a few run across without looking both ways, so please think, before you do. Summer vacation is soon to be here and you want to enjoy it.

Remember your mom on her day, May 10th. Show, do or tell her you love her everyday.

Girl Scout cookies can be bought. Contact JoAnn Fairbrother 348-5569.

Something that has recently come to my attention is the problem over the school baseball field. Seems like its the Neighborhood Kids versus the Frederic Womens softball team with no runs on either side but plenty of strikeouts for all. Hopefully the womens team can get a regular schedule so the kids can figure out when they can use the field instead of having a game going, then being told to leave (not so nicely) because the ladies decided they wanted to practice. No need for arguments and name calling, just some fair umping from all those concerned.

My first skunk award goes to people who think they can use the school playground as a race track for their cars, motorcycles and snowmobiles. It's too bad our tax money has to be tore up by inconsiderate people like them. Someday someone's child is going to get hurt. Perhaps yours!

Nursery School

Receives New Learning Materials

The Grayling Co-operative Nursery School has just received a brand new set of wooden building blocks. With these wooden blocks, the children can build houses, castles, barns, roads, bridges, and any other imaginable structure. Wooden career people, cars, and trucks were also purchased for use with the building blocks.

To foster the development of hand-eye co-ordination, four pegboards with pegs were purchased.

Another unique learning tool is on order—a parachute! As children work together to make the parachute billow, they build shoulder, arm, and hand muscles, strengthen motor skills, and develop a sense of rhythm.

This equipment was purchased with money earned from this year's Santa's Shop, a yearly fund raising effort by Nursery School parents.

ACROSS FROM A & P

Q: IF I CAN GET A HIGHER RETURN FROM A MONEY MARKET FUND, WHY SHOULD I PUT MY MONEY IN FIRST SAVINGS?

A: INSURED SAFETY AND A GUARANTEED RETURN.

It's as simple as that. With a First Savings Money Market Certificate there's no risk. Your savings are insured up to \$100,000. And the rate is guaranteed for the length of the certificate. With a Money Market Fund it's different. Your money's not insured, so there's always the chance you could lose it all. And in many money market funds the rate of return is not guaranteed. In some Money Market Funds, the rate changes daily. If the rate goes down so does your return. That's why it's important to check carefully before you invest. So the question is really not who pays a higher return today, but risk versus no risk. We think you'll feel a lot better with your savings in a First Savings "No Risk" Money Market Certificate.

CRAWFORD COUNTY ORDINANCE

An ordinance to prohibit making or assisting in making any noise, disturbance, trouble or improper diversion, or any riot or riot.

The people of the County of Crawford ordain:

Section 1. Prohibited Conduct. Any person or persons who shall make or assist in making any noise, disturbance, trouble or improper diversion, or any riot or riot, by which the peace and good order of the County of Crawford are disturbed, shall be guilty of a breach of the peace, and disorderly conduct.

Section 2. Warning Required. No person shall be arrested for violation of this Ordinance unless the arresting officer or department shall have first given warning to the person or persons to be arrested that the arresting officer or department intends to arrest such person for such violation if the same shall continue or recur.

Section 3. Limitation of Application. This Ordinance shall not be construed to prohibit, limit, restrict or infringe upon the right of the people to freedom of speech, or of the right peaceably to assemble to petition the government for a redress of grievances.

Section 4. Penalties for Violation. Any person convicted of a violation of this Ordinance shall be punished by a monetary fine not to exceed one hundred (\$100.00) dollars, or by imprisonment in the County Jail for a period not to exceed ninety (90) days, or by both such fine and imprisonment.

Section 5. Severability. If any section, sentence, clause, phrase or portion of this Ordinance is for any reason held invalid or unconstitutional by any Court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not effect the validity of the remaining portion hereof.

Section 6. Effective Date. This Ordinance shall take effect on the thirty-first (31st) day after publication following adoption as required by law.

Section 7. Exemptions. This Ordinance shall, on and after the effective date hereof, exclusively regulate the prohibited acts listed in Section 1 hereof in the entire County, unless a city or township or village within this County shall enact an Ordinance regulating substantially the same subject matter, in which case, such municipal Ordinance shall exclusively regulate the subject matter within such municipality; provided, however, that any such city, township or village may, by resolution of its governing body adopted within one (1) year of the effective date of this Ordinance, exempt itself from the provisions hereof.

Section 8. Effective Date: This Ordinance was adopted on March 25, 1981. Thirty (30) days after publication in the Crawford County Avalanche, this Ordinance shall take effect.

I, the undersigned, duly elected Clerk of the County of Crawford, State of Michigan, do hereby certify that the foregoing is a true and completed copy of an Ordinance, adopted by the County of Crawford, at a meeting of the Board of Commissioners.

Road Commission Minutes

April 10, 1981

A regular meeting of the Crawford County Road Commission was held in their office in Grayling, Chairman Cason presiding. Present were: Chairman Grover Cason, Commissioner Gloria Kraus, Engineer-Manager John Keir and Secretary Lorna Bernard. Absent: Commissioner Norman F. Parker.

The minutes of the last regular meeting were read. Chairman Cason made a motion to accept the minutes as read, seconded by Commissioner Kraus. All voted in favor, minutes approved.

Payroll Voucher Number Eight in the amount of \$20,201.52 and Material Vouchers 126 through 241 in the amount of \$20,553.35 were submitted to the Board for payment. Commissioner Kraus made a motion to accept the vouchers for payment, seconded by Chairman Cason. All voted in favor, vouchers signed.

A permit was received from General Telephone to bury a cable along the right-of-way on West Townline Road. The permit was discussed and accepted by the Board.

A request was received from Michigan Consolidated Gas Company to store some gas line pipes on Road Commission property to be used adjacent to the Four Mile Road project. The request was granted.

A letter was received regarding the use of a right-of-way across Road Commission property. The request was denied as the property has been leased.

The request for abandonment of the portion of the Boulevard Right-of-Way in Hanson and Insley Re-Plat, Grayling Township has been withdrawn. Bernard Fowler and Ralph King in attendance were informed of this action.

A discussion was held regarding Local Construction projects for the 1981 season. Engineer-Manager Keir proposed two letters to Frederic and Grayling Townships, relative to this work, which were acceptable to the Board.

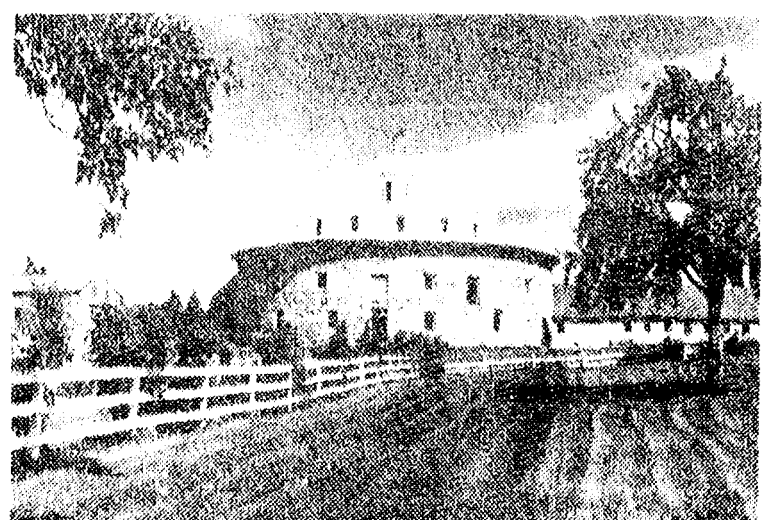

The abandonment of a portion of Beaver Road was discussed and Commissioner Kraus requested that Attorney Dossan appear before the Board regarding this matter at a later date.

A notification was received by the Road Commission regarding a lawsuit of Itoney vs. Crawford County Road Commission. The papers were given to the Insurance Company.

Permit applications were received from United Geophysical for seismicographic work along Fletcher Road and in Beaver Creek Township. The permits were approved subject to insurance certification.

There being no further business, a motion was made and supported to adjourn. All voted in favor, meeting adjourned.

Archbishop Szoka

The Gaylord Cathedral Parish is hosting a "Diocesan Farewell" for Archbishop Edmund Szoka on Friday evening, May 8.

The community is invited to attend.

There will be a Mass of Thanksgiving at 7:30 followed by an informal reception from 8:30 until 10:00 in the Parish Hall.

Everyone is welcome to come and to greet the Archbishop and wish him well in his new post.

Editor's Mailbox

To The Editor:

Recently I was able to witness the efforts of the management of the Hartwick Pines State Park in coping with our State budgetary crunch.

The first step was to erect an elaborate barrier at the entrance of Bright & Glory lake to eliminate all vehicle traffic. The next step was to remove the pit toilets and hand water pump, how much electricity can be saved by eliminating pit toilets and a hand pump? The final budgetary saving effort was to remove the fishing docks, "for the safety of the public".

I must add that even after all these efforts and labor expenditures the lakes still remain open to fishing.

A person must wonder if the actions taken were actually to save cost or was it an opportune time to use the budgetary crunch as an excuse to eliminate a number of menial tasks that some may feel was below the dignity of some of the employees with rather impressive titles—just a thought.

Only the beauty of the lakes will suffer.

Hear the Band

After a week off for Easter, our band is back, working very hard. We are preparing for our concert that is coming up. The Annual Spring Concert is scheduled for May 14th at the High School, we will fill you in on the time with in the next week.

This past week we worked on the B Minor scale, on Friday, everyone played the scale individually, as this is part of our grade, everyone was able to play the scale correctly.

Monique Petrosky and Tracy Riley are now playing with the band again, they both play Bass Clarinet, but were unable to for awhile because of problems with their horns, we are glad they are playing again and feel they add a lot of sound to the band.

Mr. Harris was in New Jersey over Easter and was able to go to New York to hear some live bands, he said they were very interesting and they all have their own individual style.

Some of the band members and a few citizens are currently working on music for the play, we now have a full orchestra working on the music, the members of the band include: Gerry Johnson, Shirley Gravelyn, Rob Priestap, Mr. Harris and Mr. Sienkiewicz. Citizens from the community include: Sue Weeber, John Duley, Mrs. Dice and Don Gravelyn. All feel it will be a big success. Hope to see you all there.

ORDER

Petitioners motion for an order allowing service of process by publication upon defendants, William N. Balowaara and Margaret M. Balowaara having been heard, and an affidavit filed in support of said motion having been considered, the Court finds that service of process by publication provided for under DCR 106 is necessary as the whereabouts of the defendants and their residence is unknown; that the defendants probably reside outside the state, and that a summons and complaint has been returned showing that service of process cannot be made in the county where the defendants previously resided.

NOW, THEREFORE, the defendants William N. Balowaara and Margaret M. Balowaara, are hereby notified that a civil action has been commenced against them for forfeiture of a certain land contract dated March 15, 1975 between the parties hereto for the following described property, to wit:

Parcel "P" - The south 1/2 of the East 1/2 of the Northeast 1/4 of the Southwest 1/4 of Section 34, T28N, R3W, containing 10.01 acres AND Parcel "Q" - The North 1/2 of the East 1/2 of the Northeast 1/4 of the Southwest 1/4 of Section 34, T28N, R3W, containing 10.01 acres. BOTH in the Township of Maple Forest, Crawford County, Michigan. And that, if you desire to defend same, you are required to answer or take such other action as may be permitted by law with regard to the complaint filed against you, in the District Court for the County of Crawford on or before May 12, 1981 at 2:00 o'clock in the afternoon. If you fail to do so, judgment by default will be taken against you for the relief demanded in the complaint.

Calvin C. Lutz Appointed FmHA State Director For Michigan

WASHINGTON, D.C.—Secretary of Agriculture John R. Block today announced the appointment of Calvin C. Lutz of Okemos as State Director of the Farmers Home Administration (FmHA) for Michigan.

Lutz had previously served as FmHA State Director in East Lansing from 1972 to 1977. Since then he has been with the Michigan Department of Agriculture, most recently as Assistant Director.

A fulltime farmer for nearly 20 years, Lutz, 48, was president of Fruit Haven Nursery, Inc., of Kaleva, Michigan. He and his wife Lorraine owned and operated the 650 acre fruit, vegetable and nursery farm which they had begun in 1953 as a dairy and general farm operation. They also organized Fruit Haven Farm Markets, Inc., for their own retail roadside market.

Involved with numerous business, social and civic organizations, Lutz has served as president of the Manistee County Chamber of Commerce, president of the Manistee Berry Growers Association, a member of the board of directors of the Michigan Farm Bureau, director of the Manistee Soil Conservation District, director of the Michigan Agricultural Services Association, a member of the USDA Rural Development Committee and a member of the Governor's Council on Rural Development.

Dear Whitey,
The enclosed letter is sent to you by way of me because Mr. Romans does not know your paper's name or address. Because of his beliefs I cannot tell you all I know about his work among his people. He is currently very involved with the substance abuse programs in the Upper Peninsula and has spoken at the Tribal Center in Mt. Pleasant.

I am sure that there are many people out there who would like to know what an authentic Native American (Indian) Shield Teacher and Peace Chief is.

An Ojibwa Shield Teacher begins his career when yet in the womb. The Mother has a vision that the child is to be a Shield Teacher. At an early age, not older than 4 years, he is taken to a Shield Teacher and left to live and learn the necessary skills, traditions, oral history, worship rituals etc. It amounts to an equivalent of seven degrees and takes 14 to 16 years to complete. They are taught to feel no pain, but the pain of others, to stand as not to be seen either physically or spiritually. That is in true humility, not to take credit or gain from the gift of the Shield which is a free gift from the Great Spirit. When all seven areas of learning are accomplished the Shield Teacher becomes a Peace Chief. In our educational system it is like having seven graduate degrees and then becoming a professor, all in theology.

The Peace Chief is the highest degree in the Sacred Lodge. He is entrusted with the spiritual welfare of a tribal people. His rank, however, does not entitle him to physical support or preferential treatment. Rather, he and his family eat, when all have food, are sheltered when none are in want of shelter, etc. They are the ones who make up the last appeals court when an issue cannot be settled through established means. They cannot take any pay for their services.

In 1921 Congress passed a law against what they called The Indian Religion. Until 1978 when President Carter signed the Freedom of Religion act for American Indians it was against the law in this land founded on religious freedom for the Indian Peoples to practice their true religion. In 1978 the Council of Churches in America sent a letter to Congress stating that they had been wrong. That after lengthy investigation they had determined that the traditional Indian religion was the most ancient form of Christianity known to man. They recommended passing the freedom bill. Since that time the few remaining Shield Teachers, now only three, have been trying to teach the true Indian religion to their people and non-Indian alike.

They teach that it was in your ancient past that the Great Chief above, spoke and sent His beloved, the Morning Star, His reflection, The healer to teach how to live in love together.

May all who move in that reflection know it.

Pat Fowler

A native of Manistee County, Lutz attended Kaleva High School and Michigan State University. He participated in a three year Kellogg Study Program which culminated in a trip around the world. He received the Michigan J.C.'s Outstanding Young Farmer of the Year Award in 1968.

He and his wife have four children: Deborah Ann, 28; Constance Lynn, 27; Calvin Clare, 23; and Christopher Matthew, 16.

Stop Smoking Clinic To Be Held Here

If you have tried quitting unsuccessfully and desire help...read on...

Smokers who want to kick the habit will have their chance May 17-21, 7:30 p.m. at Camp AuSable, Grayling. The plan consists of regular evening group therapy sessions, films, and a daily personal control program for home or work. It has been successful over a period of more than fifteen years in major cities around the world.

Dr. Arthur Weaver, associate professor of surgery at Wayne State, and his associate John Swanson, M.P.H., health education specialist, will be conducting the program. They have helped over 60,000 people quit smoking, with most of these coming from the Detroit area. Their stop-smoking techniques have been popularized by television, radio, and many newspaper articles.

The plan consists of five-evenings filled with lectures, audio-visual presentations, and group interaction. Each participant receives a personal "control booklet" with instructions and encouragement programmed for each day of the withdrawal program. A donation will be taken to cover expenses.

Camp AuSable is located just east of Grayling, Mi., off Interstate 75. From Grayling, take highway 72 east about 1/4 mile. Turn right on first paved road and camp entrance sign will be about 1/2 mile on the left. Program will be held in main lodge. If you have further questions feel free to call (313) 459-0894 or Camp AuSable (517) 348-5491.

To The Editor:

The Substance Abuse Problem

I write this not with malice, but with a conscience and in desperation. I cannot sit quietly and witness the terrible tolls in wasted human life.

There can be no strides made in the Substance Abuse Problem, until the people put the responsibility where it belongs. For there are two men in each man: the physical man and the Spiritual man. We are a nation where there is a separation of Church and State.

So we must clearly define the responsibility of both. No amount of governmental laws are going to control substance abuse. For it is only the Spiritual man in each person that can overcome man's failures. Our schools and colleges are set up to educate the physical man. Leaving the church the responsibility to deal with the Spiritual man. The church must eliminate the submissiveness in the church. Too many people are taking Communion on Sunday, and putting a six pack in their refrigerator on Monday attitude. So emphasis must be on the Spiritual man in each person. And the power of each person's spirit has to overcome the power of the physical man. For it is the physical man that is the cause of our troubles in the world today. Not only in substance abuse in this fair land, where the bounties of the Great Spirit was spread for all men, but where jealousy, greed, suspicion has crept in possessing the people until each man's hand is lifted against his neighbor. The land has become one vast battlefield. We must once again turn our heads to the mountains of our downfall and cry in one voice to the Great Spirit "father, we are here".

For the earth is our Mother and the Great Spirit, our Father and any man who says not, must have been made from a handful of Moon Dust.

Imitation of Mama

The most exciting thing about having Mama put up your hair isn't the curls you're going to have.

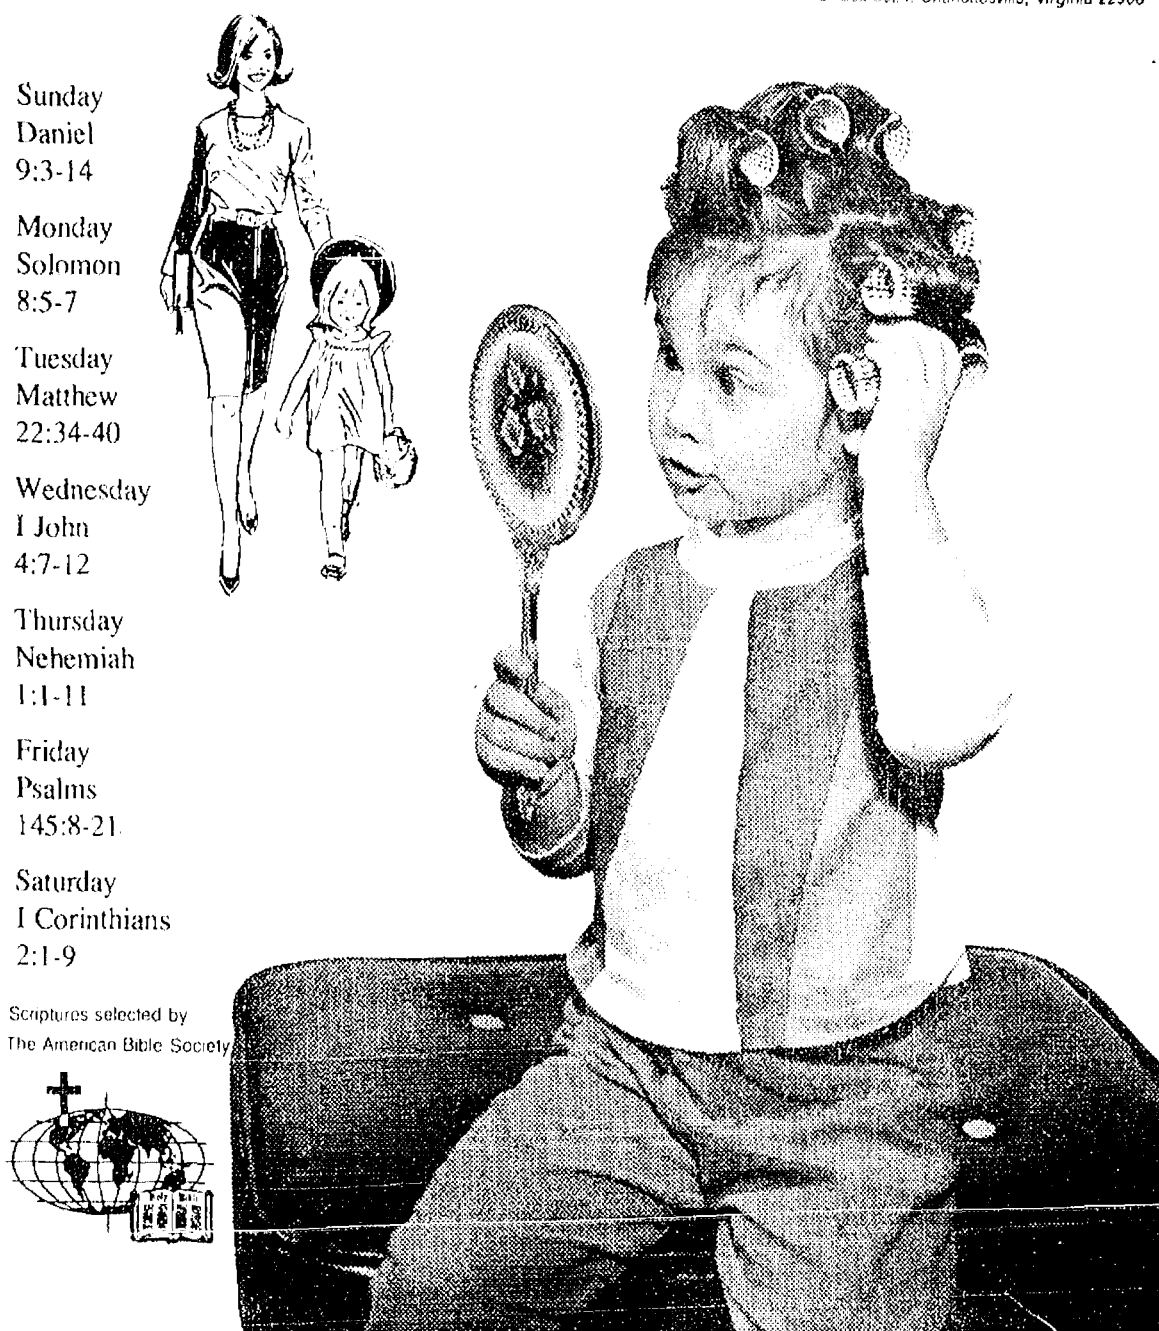

No! It's looking in the mirror and seeing you look just like Mama with her hair up.

Maybe only the most conceited couples look on themselves as model parents. But that's what being parents involves. Whether we intend to or not we

become models to our children. Their strongest impulse is to imitate grown-ups — especially those they love.

Bringing the family to worship every week provides rich opportunity in religious training for our youngsters. Equally important is the growing impact of faith and worship on the Mama and Daddy those youngsters daily imitate.

Paul Thomson ABWA Boss of the Year

Paul Thomson president of Cornell Insurance Agency, has been named the 1981 Boss of the Year by the Grayling Chapter of A.B.W.A. The award was presented by Wayne Hindmarsh, the 1980 Boss of the Year.

Mr. Thomson's education includes two and one half years at Michigan Tech. College and several workshops, seminars and classes offered within the insurance industry. He worked as an insurance adjuster in Traverse City, joining the Cornell Agency in 1964. In 1972 he became president and sole owner. The agency has grown from one to the present four employees. Mr. Thomson is a member of the Chamber of Commerce, the Rotary Club, and served on the city council for five years. He is director of the Grayling State Bank, a director of the Economic Development Corp., and director of Independent Insurance Agents of Northern Mich. He is active in St. Mary's Parish where he serves as a lector and usher.

Mr. Thomson was nominated

for this honor by Mickey Perez who has observed him in his dealings with his employees. In her recommendation she said "Paul is a very open, honest, and considerate person who will listen to his employees, their suggestions, their complaints, and their concerns." Education and training his employees is important to him and he provides the means for them to gain knowledge in their field.

The chairman for the Boss Night event was Mickey Perez. The invocation was given by Marlene Ritter. President Norma Naour welcomed members and guests. Mr. Gene Petrosky who founded the Comfort Centers seven years ago was guest speaker. His topic was advertising and also told how he and his brothers got started in their business. Mr. Gordon Thompson Mayor of Grayling, proclaimed May 1st Boss Day. Betty Bennett gave the toast to the Bosses. Mr. Jack Alef, 1972 Boss of the Year, toasted the employees. Benediction was given by Pauline Petrosky.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

During the recent high winds, we lost two "Big Sticks" as the old-time loggers called the big pines. Both were White Pines some sixteen inches in diameter. Both trees broke well up off the ground as is typical of the species when they go down before violent winds. Each tree was rotten in the middle, with only a thin layer of live sapwood supporting thousands of pounds of trunk and limbs, which accounts for their demise. Due to the rotten wood, it is impossible to determine how old the trees were but from past studies, most of the White Pines in the stand are between 220 and 300-plus years old.

What causes an otherwise healthy looking tree to decay in the middle is probably open to debate, but one Forester has told me that soil compaction contributes to this problem. It is interesting to note that the two trees were near foot trails much used by the public. Also, other trees near these same foot trails have hollow centers and no visible scars on the outside. Each time the wind speed picks up, I wonder what is going on in the tall timber, but I also know that the forest is a self-supporting community in which one member helps protect another member from the effects of wind. After a windstorm, it is comforting to walk through the pines and see how effective this principle is. Granted, it is sad to see a Big Stick on the ground and contemplate what it has gone through in its lifetime: wind, ice, snow, heat, and fire.

From past studies, we know that in 1850 a pretty hot ground fire burned through the Pines, which perhaps damaged the two trees enough to let moisture and insects into the supporting column of heartwood. Whatever the cause of their end, be assured the Tall Timber stands tall and proud against the blue sky as a reminder of this area's heritage.
